WORKSHOP

Modelling and Simulation in Business Informatics

ISTI 2016

June 17, 2016
Faculty of Economy, University of Tirana, 2nd Floor

www.conference.istint.org
WORKSHOP AGENDA

in collaboration with:
Vienna University of Technology (TUW)

10:00-12:00

ISTI 2016: WORKSHOP on Modelling and Simulation in Business Informatics

Moderators: Kozeta SEVRANI, Felix BREITENECKER

10.00 Opening and Welcome

10:10 Felix BREITENECKER, Vienna University of Technology - Austria
Microscopic and Macroscopic Modelling and Simulation of Epidemics
Case Study Austria with Economic Implications

10:25 Blerina VIKA, Kozeta SEVRANI, Albana GORISHTI, University of Tirana - Albania
Modelling an Intelligent Application for time series forecasting with Neural Networks

10:40 Neki FRASHERI, Polytechnic University of Tirana - Albania
Some Reflections on Matrix Simulations in Economy

10:55 Kliton BYLYKBASHI, Sapienza University of Rome - Italy
A Model Proposal for the Electric Energy Valorization in a PV Power Plant Equipped with CAES System

11:10 Andrea ALBERICI, Eugenio BRENTARI, Brescia University - Italy
A customer Intelligence Platform for Big Data analysis: bringing customer insights in a CRM system

11:25 Edmond HARIZI, University for Business and Technology - Kosovo
UBT Center for Transdisciplinarity Modelling and Simulation

11:40 Andreas KORNER, Vienna University of Technology - Austria
System Modelling and Simulation Applied in the Field of Economy

11:55 Discussions

12:00-12:45
Snack Break + Networking
